Public Notice
Simplot Phosphates Class IIIb Landfill

The Executive Secretary of the Utah Solid and Hazardous Waste Control Board has approved Permit #9908 for Simplot Phosphates LLC to operate a Class IIIb landfill. This landfill, called the Simplot Phosphates Landfill, is permitted to dispose of nonhazardous industrial wastes generated by phosphate mining and milling and includes incidental office wastes, shipping wastes, and lunch room waste. The landfill is located approximately 10 miles north of Vernal on Highway 191. The public notice for this landfill permit was published in the Deseret Morning News, the Salt Lake Tribune, and the Vernal Express. The 30 day comment period ended on April 13, 2007. No comments were received during the public comment period. For further information contact Ralph Bohn or Roy Van Os, Division of Solid and Hazardous Waste, 538-6170. Unofficial copies of the solid waste permit and associated documents are available on the Division web page at:

<http://www.hazardouswaste.utah.gov/SWBranch/SWSection/PermittedSolidWasteLandfills.htm>
